PROTECTION LEADING NOTE IN BIG RALLY

Republican Doctrine Propounded by Able Speakers---Gov. Tener Talks of Tariff---Numerous Marching Clubs Here

While popular "Sunny Jim" Sherman, the vice president of the United States, was fighting his last battle, not with the adversary in life, but with grim-visaged Death, the principles for which he labored and battled during his entire lifetime were being expounded on the streets of Charleroi. As Death gained the victory over the ever cheerful, lovable vice president in his distant New York home, Gov. J. K. Tener, his friend, was fulfilling the mission to which the dying man would have consigned him with his last breath, on Wednesday night.

The monster—for it was monster—Republican rally which Charleroi held asissted by a large part of Western Pennsylvania, experienced a dampening of ardor because of the critical illness of Vice President Sherman, but the news of his death did not become generally known until after the "good night" had been said on the demonstration by the Governor.

The rally started early in the evening. Even at 6 o'clock there was an air of excitement and hum of expectancy. By that time a large number of the politicians and Republican leaders from other communities had arrived. The Wilbur Hotel was made headquarters by the reception committee. The Governor's party including the Governor, his secretary Walter Gaither, Adjutant General Thomas J. Stewart, Gov. Tener's brother, George E. Tener and William M. Henderson and Col. A. B. Berger, a member of the Governor's staff from Pittsburg arrived on the 6:21 train.

Parade Interesting.

The parade which was a unique and interesting feature of the celebration was a little late in starting owing to the somewhat late arrival of some of the marching clubs. Thes pecial train from out the Marianna branch arrived at about 7 o'clock, carrying hundreds and a Fredericktown special arrived a few moments later, likewise crowded. Special trolley cars from Washington and all other points contributed their quotas.

JAMES J. HOTT,
President of Charleroi Republican Club.

Wearing silk hats and marching four abreast the Lincoln club of about 100 from Beaver county led the footman in the parade. Speakers and honor guests were carried in automobiles directly in the front of the parade. Chief Marshal C. O. Frye and his marshals and aides occupied the positions to which they had been assigned, the former, and the Color Bearer, Dr. G .H. Smith being well to the front. There were ten bands and two drum corps in line. One of the bands was from an up-river mining town, the members of the band wearing miners caps and lamps. The Fredericktown Boys' brigade was in line. Carrying red, white and blue umbrellas the Young Men's Republican club of Monessen made a nice appearance. There were delegations of marchers from various parts of the three counties surrounding here.

Dr. Wood Chairman.

The parade was over the three main streets of the town, ending at the speaker's stand at the corner of Washington avenue and Fifth street. In place of J. J. Hott, president of the Charleroi Republican club, Dr. C. B. Wood, of Monongahela presided. Gov. J. K. Tener was the first speaker introduced. His address aroused much enthusiasm. He told at considerable length of the achievements of the national administration, calling attention to the great things that have already been accomplished by President Taft and explaining some of the more important measures that are in contemplation. He referred to the great prosperity of the country at large and said that the logical way to continue it was to reelect the entire Republican ticket.

Gov. Tener devoted considerable time to the tariff. It was the wise measures enacted by the Republicans, he contended, that were responsibel for the present business boom. He drew a vivid picture of conditions now and contrasted them with what had been known under free trade. The tariff, he argued, did not alone benefit the manufacturers, although they were the ones who felt any tinkering first, but it had to do with people in all walks and conditions of life. The election of any candidate but Taft, he believes would be disastrous.

Speaks for State Ticket.

The governor also spoke for the state Republican ticket and appealed to his hearers to avoid being induced to vote for some of the other candidates. There is much important business for the Legislature to attend to at its next session and it would be well, he said, to have regular Republicans at Harrisburg to attend to it. There were, he said, three measures in which he was especially interested and which he intended to urge, the creation of a public utilities commission, which he recommended to the last Legislature, but which was not created; a thorough workingmen's compensation bill and the continuation of the work for good roads. All of these, the governor said, were of great importance to all the people of the state and he pledged himself to do all in his power to secure their passage if the Legislature was safely Republican.

Senator Crow Speaks.

State Senator W. E. Crow, though impaired in health made a stirring address. He spoke of the protection to the people of the Republican party, referring to the beneficial influence of the tariff upon this great industrial region. "The country cannot be prosperous without protection of the Republican party," he declared. Senator Crow paid Assemblyman William Feeney a compliment by re-

(Continued on fourth page)

PLANS LEGISLATION FOR NEXT SESSION

Gov. Tener Anticipated Passage of Public Utilities, Workmen's Compensation and Road Bills by Legislature

Gov. Tener's public utilities bill, the workmen's compensation act and good roads are three of the most important pieces of legislation that will be taken up by the next degislature. All are progresive measures. Gov. Tener stands sponser for the good roads movement as well as the public utilities bill.

In speaking of the plans for the next session of the legislature during his visit here Wednesday night Gov. Tener mentioned the three especially. He explained their meaning thoroughly. The public utilities bill he stated would be a measure designed to protect the people in their dealings with public service corporations, in other words to give them redress if they feel they are being imposed upon by water or gas or other corporations.

Speaking of the good roads movement, Gov. Tener said it was the design of the administration, working with the State Highway department to connect up every county of the state with the best kind of roads and to have a network of improved highways throughout the State that would become the envy of every other state.

He explained the workmen's compensation act, which according to the way it has been framed by an specially appointed commission calls for the prompt settlement of claims by employers with employes injured while in their employ. This measure is regarded as an especially good one by the administration. For this reason he urged the re-election of Assemblymen Feeney and the other two Rpublican candidates in this county—Ralph Allison and Jim Walker saying how esesntial it was for the executive to have an administration in accord with him in his plans for the advancement of the interests of the commonwealth.

POLL HOUSE CHANGED IN THE SIXTH

Voters of the sixth precinct will not do their voting in a shed next Tuesday, but in an up-to-date polling place at 905 Meadow avenue. At the petition of a number of voters the court has ordered the county commisioners to change the scene for the fray in the sixth. The election board as well as the voters will benefit by the change in location.

AUCTION SALE OF LOTS AT LOCK VIEW LISTED FOR FRIDAY

Everything is in readiness for the big auction sale of lots that will take place at Lock View Terrace, North Charleroi Friday and Saturday, November 1 and 2. This sale, which was postponed from Friday and Saturday of last week, promises to be one of the biggest events in real estate transferring of the whole year in this community, and it will more than likely be responsible for a big lot of building operations in the thriving town of North Charleroi next season.

Lock View Terrace affords a most admirable location for homes for working people, as it is convenient for any one seeking employment in any of the Charleroi industries, the government shops at North Charleroi, the big industrial mills directly across the river at Monessen, the big steel mills and blast furnaces at Donora, or any of the coal mines at nearby points along the river. It is located on two trolley lines, while a railroad on each side of the river where monthly tickets can be purchased are also available. A working man living at Lock View Terrace has a dozen or more good chances at any time to look for a job. The location is also free from smoke or dirt from mills or mines, which makes it still more desirable.

This sale is in charge of George W. Dawson, who has had a wide experience in conducting real estate auction sales. The lots are put up at auction and actually knocked down to the highest bidder. Special inducements and entertainment will be music will enliven the occasion. It is provided at the sale, and a band of an excellent opportunity for thise in search of a home site to get one of the very best locations in the whol valley.

WELL KNOWN MEN ATTEND RALLY OF THE REPUBLICANS

A number of well known men were visitors in Charleroi Wednesday night for the Republican rally. State and county were well represented. Gov. Tener, Adjutant General T. J. Stewart and Executive Controller Samuel C. Todd were here from Harrisburg. Judge J. F. Taylor, George E. Lockhart, Postmaster Joseph T. Hemphill, Recorder J. C. Sutherland, Boyd Warne, District Attorney R. G. Miller, Assistant District Attorney T. H. W. Fergus, County Commissioners Thomas Hill, John A. Berry, A. P. Barnum, Sheriff R. G. Lutton; Frank Penn, superintendent of Morganza, Col. J. E. Barnett, Prothonotary A. V. Lewis, County Engineer George Chaney, W.G. Theurer, Harry R. Myers, Poor Director H. D. Browneller, O. E. Mikesell, John C. Murphy, O. K. Taylor, Ralph Allison, County Treasurer Samuel Downer and John Hallam were among the most prominent county seat men here Hon. C. A. Bentley and Dr. C. B Wood, of Monongahela were here Fayette county sent a number, including H. A. Chalfant of Connellsville, formerly of Charleroi who is a candidate for Assembly. Charles W. Ashley of Homestead came with the Governor's party. Congressman Matthews was accompanied from New Castle by his son, Charles Matthews, Jr., and George L. Patterson.

COMMISSIONERS DISCUSS BRIDGE BUT THAT IS ALL

Politics and bridge matters didn't mix well Wednesday night and the meeting of the county commissioners of Washington and Fayette counties in the interests of the river bridge at Brownsville was curtailed. Commissioners John S. Langley and E. H. Nutt were the only two present from Fayette county. Thomas Hill, John A. Barry and A. P. Barnum the entire board was present from Washington county. They went over the preliminary work for the bridge. County Engineer George Chaney was here from Washington and worked with the board. The two counties will be in shape soon for definite action on the bridge matter.

To Observe All Saints Day.

Tomorrow being All Saints Day, communion will be celebrated in St. Mary's Episcopal church at at 7:30 a. m. Rev. L. W. Shey, the rector will go to Pittsburg later to assist at the ordination of two young men at the bishop's chapel at 11 o'clock. In the afternoon he will attend the Woman's Auxiliary meeting at the Church of the Ascension.

Winter Club.

Masquerade Mallowe'en dance Thursday night. Might's Auditorium. 84-t2

COAL MINES OPERATING TO FULLEST CAPACITY

Excellent Industrial Condition Along Monongahela Valley

MORE MEN IS THE CRY

Twenty-First District Could Use Approximately 1,000 Additional Miners

All coal mines fronting along the Monongahela river and covering a wide territory in their operations on capacity possible now in the section both sides are running to the fullest between Rices Landing and Monongahela. In the Twenty-first district approximately 1,000 additional men could be put to work, according to the estimate of E. W. Cunningham, Mine Inspector of the district. The output is enormous, as it has to be to keep pace with the demand caused by the remarkably prosperous industrial condition over the country. Both railroad and river shipping facilities are being taxed to their utmost. Car shortage is worrying the mine operations where there are no river facilities to depend upon. A remarkably busy month is reported at Lock No. 4, the average daily shipment of coal nearing the exceptional mark of 800,000 bushels.

An industrial condition of the kind noted among the mines is unusual, and all the more significant. The Arnold No. 2 and Arnold No. 1 mines of the Pittsburg Coal company at Arnold City which always have plenty of men are complaining. The Naomi mine of the Naomi Coal company is short, as well as the big Vesta No. 4 mine at California of the Jones and Laughlin Vesta Coal company. The Crescent mine of the Monongahela River Consolidated Coal and Coke company above California is crying for more men and the mines in the vicinity of Brownsville are suffering from lack of labor. In the coke region back of Brownsville and through various parts of Fayette county labor is all the more scarce.

At West Brownsville the Lilley Coal and Coke company is building a stout pier in the river preparatory to erecting a monster steel tipple. An opening will be made as soon as possible, but it is not likely that the actual mining of coal will be started for eight or ten months. This mine will become one of the largest fronting on the river. It has holdings of approximately 800 acres.

Inspector F. W. Cunningham said today: "Such a shortage of labor is unprecedented. There is an unusual demand for coal. Excellent wages are being paid. A miner can make as much as he wants. I have known machine men to receive as much as $200 a month lately. The price of coal is away up and operators can nearly demand what they please for 'spot' deliveries, though of course they have to hold to regular contracts for much of their trade at the rates contracted for some time ago. A car shortage is greatly holding back operations among the river mines.

"Political conditions of course have their effect upon the shortage of labor. Many miners went abroad during the strike in the Pittsburg

(Continued on fourth page)

Death Ends Long Illness

Vice President James Schoolcraft Sherman died at his home at Utica, New York, Wednesday night, after an illness of several weeks. The end came at 9:42 o'clock. The immediate cause of death was uraemic poisoning, due to an affection of the kidneys of which the vice president had long been a sufferer. Expressions of regret are heard on all sides from the many friends of the late vice president, regardless of political affiliations. The vacancy on the national Republican ticket caused by the death of Mr. Sherman, who had been re-nominated for vice president, will be filled November 12 by the Republican national committee.

MASQUERADERS TO BE OUT IN FORCE TONIGHT

Hallowe'en masqueraders will be out in force tonight to celebrate the queerest day of the entire year. Contrary to the custom established two or three years ago there will be no organized celebration of the day. Good weather is promised. The observance of Hallowe'en has changed to a considerable extent. Formerly a Halowe'en celebration wasn't complete unless somebody's barn was dumped or a few wagons put on somebody's back porch. Such mischief was allowed to pass as practical jokes. Now there is something better to occupy talents in the way of masquerade and street carnivals. A big crowd is looked for on the streets tonight. A number of Hallowe'en parties are scheduled. The police have prepared for the proper government of celebrators.

Masquerade Social.

In P. H. C. Hall Friday evening. Admission 25 cents. All are invited. 85-t2p

The Ladies Aid of the First Christian church will serve an oyster supper at the church Friday, November 1. Supper ready at five o'clock. Everyone invited. 82-t5

The Winter Club will hold a Mas-Masquerade Hallowe'en dance Thurs-Auditorium Thursday night. 84-t2

Entered in the Post Office at Charleroi, Pa., as second class matter.

NO PERSONALITIES

It is a matter of felicitation that few personalities are entering into this campaign. From President down to the assemblymen—in this state—practically all the discussion hinges on political platforms and policies, and aside from the personal qualities of the candidates in point of leadership and ability, little if any personalities are indulged in. It is measures and policies—not men—that count.

This is as it should be. While every individual in office or leadership has his faults and weaknesses and makes mistakes, personal attack and abuse have little weight. Personal abuse never convinces a candidate's friends and only injures the other side. People nowadays are not so much interested in what a man has done, as they are in what he is doing now or proposes to do in the future. In these strenuous times paying off old scores of the past does not pay. All energy is needed in meeting the issues of the present. Therfore, the present campaign is one of issues rather than men.

This was strikingly evidenced at the Republican rally here Wednesday night. It was a noteworthy fact that none of the speakers were interrupted by those who differed in sentiment and none of the speakers made any derogatory remarks about any of the opposition candidates personally. No one was insulted on either side, which speaks well for the tolerance of those who are differing widely on the issues of the campaign. This is the proper spirit, and its general observance will not make any soreness after the election.

TRUE TO THEIR COLORS.

The great outpouring of Republicans at the big rally in Charleroi on Wednesday evening is ample evidence that the Grand Old Party is not yet in the stages of dissolution. There are still enough left to make an accounting in the Monongahela valley at least. Those who assert that the Republican party is dead and buried should have been in Charleroi Wednesday evening. Instead of a burial they would heve witnessed a resurrection.

Both loyalty and inspiration were derived from the addresses. Governor Tener's heart-to-heart talk as a neighbor to neighbor, and his profound knowledge of industrial and economic conditions of the Monongahela valley, should be weighed carefully by the voter who is thinking of casting loose his former political moorings. It is not a question of personal admiration. Governor Tener referred to Col. Roosevelt as a man we all admire personally but of cold economic facts. It is to [illegible] of the industries, business [illegible] disturb [illegible] of [illegible] will [illegible] any [illegible]

PICKED UP IN PASSING

In his address at the Republican rally Wednesday night Governor John K. Tener related a story that was a good application of how the tariff works with the farmer.

"A farmer out in Kansas went to buy a new wagon from the dealer who had sold him one 17 years previously," said Gov. Tener. "He selected one like his old wagon, which was a standard make and inquired the price.

"'Seventy-five dollars,' replied the dealer.

"'Why, I only paid $60 for the wagon I got from you 17 years ago. How do you account for the difference? Tariff, I suppose you'll say. Seventeen years ago I bought that wagon for $60 when there was no tariff, and now with a tariff, you want to charge me $75. I see how it is. The maker and the dealer get the benefit while the farmer pays the tariff. I don't think I want to buy a wagon this year.'

"'Hold on a minute,' said the dealer. 'I remember very well when you bought that wagon 17 years ago. There was no tariff then, as you say. But you remember that you did not pay me cash for the wagon. You paid, if you remember, 600 bushels of corn at 10 cents a bushel, did you not?'

"'Yes,' said the farmer, 'that's what I paid.'

"'Well,' said the dealer, 'I'll still take the same price that you paid for your wagon 17 years ago—600 bushels of corn. More than that, you can pick out a mower or reaper, and I'll include that, as well as one of the best two-seated surreys I have on hand. Then your wife can go to the hardware department and pick out the best range we keep with all the kitchen ware that is necessary and I'll include that for the 600 bushels of corn you paid me 17 years ago for your wagon, when there was no tariff. Then you get 10 cents a bushel for your corn with little or no market. Now you get 80 or 90 cents a bushel, cash on delivery.'

"'Well,' said the farmer, 'I'll take the wagon at $75 cash. I see your point. I'd rather pay $15 more for the wagon now and get 90 cents a bushel for my corn, than to pay $60 with corn at 10 cents a bushel.'"

It is related that an animated political discussion took place recently in a home in this community, in which there are three daughters, as to who would win in the presidential election.

"Taft will sweep the country," said Margaret, who voiced her father's sentiments.

"I say that Wilson will sweep the country," said Angeline, who imbibed her mother's inherited politics.

"You're both wrong," piped up Gladys, the insurgent of the family. "Roosevelt will sweep the county."

"Never you mind about sweeping the country," said their mother, who just came into the room. "Every one of you get busy now and sweep this house."

CATTLE CROSSING OVER IRRIGATING CANAL

HOME and social life in Northern California is the most pleasant because there are more bright days than in Southern Italy, and there is every convenience for bringing people together.

FARMS in the Sacramento Valley produce many more times net profit to the acre than Eastern farms because the soil is the best, sun shines every day, and there is plenty of good water for irrigating, with proper drainage.

ORANGES, potatoes, alfalfa and all fruits, grains, grasses and vegetables mature earlier in Northern California than in any part of the world.

STOCK and *POULTRY* are easier to raise and produce more because the climate is healthful and green feed grows in abundance.

MARKETS are very near, with excellent road and river transportation, making financial success sure.

If interested, we urge you to write us today and learn of people who are making big money there.

Let us know what you want to be informed about and get an instructive reply.

Don't delay, every day now sees new settlers moving on this land, as it is ready for seed, and the best tracts go first.

AUCTION SALE OF LOTS

LOCK VIEW TERRACE

NORTH CHARLEROI, PA.

FRIDAY AND SATURDAY, NOVEMBER 1st AND 2nd

AT 1:30 P. M.

100 BUILDING LOTS

Also One Dwelling House Six Rooms and Bath

Will Positively Be Sold to the Highest Bidder on Easy Terms of Payment

Lock View Terrace is the Place for the Working Man to Buy a Comfortable Home

THIS CONCERNS YOU.

On Friday and Saturday, November 1 and 2, 1912, at 1 o'clock p. m., LOCK VIEW TERRACE will be inaugurated, and a number of the choicest residence lots will be sold at public auction to the highest bidders. This will prove to be one of the greatest and most beneficial opportunities for home seekers that has ever been offered in this section of Pennsylvania.

To See is to Believe. To Undertsand is to Buy.

WHERE IT IS LOCATED.

At Lock No. 4, Washington county, Pa., on an elevation made gloriously beautiful by nature, overlooking the placid Monongahela river, on the line of two railroads, one of which will shortly be a trunk line leading from Pittsburg to Baltimore; two electric railroads, and right in the heart of one of the greatest manufacturing centers of the world.

AN INDUSTRIAL CENTER

The largest plant of the Pittsburg Steel company is located in Monessen, and is but a short distance from the Lock View Terrace Plan of lots. That company employs 3,500 hands and pays out in wages $225,000 monthly; and furthermore, an addition costing $2,000,000 is now in course of construction to this mammoth industrial concern. Another of Monessen's big industries is the American Sheet & Tin Plate campany's mill, employing 1,500 hands, with a monthly payroll aggregating $125,000. These are only a few of Monessen's industries.

NEW PLANT FOR MONESSEN

It is stated on good authority that a new industrial plant will be built at the Monessen end of the bridge in the near future, which will employ from 3,000 to 4,000 men. This is one of the features which makes Lock View Terrace all the more desirable as a home for the working men. Remember, future developments, as well as present ones, make these sites all the more valuable.

A PROSPEROUS LOCALITY.

Lock View Terrace is directly opposite and faces the thriving metropolis of Monessen, and is but a short distance from the Magic City—Charleroi, both of which can be reached within a few minutes by the trolley cars. It is the ideal location for the homeseeker.

A PLACE TO SAVE.

To the north is situated Charleroi, which is also connected by street car lines from Lock View Terrace, is but a few minutes ride. Charleroi's leading industries are the Macbeth-Evans Chimney factory, with a weekly payroll of $10,000; Henderson Coal Works, with a monthly payroll of $12,000; Imperial Bottle factory with a monthly payroll of $14,000; Pittsburg Plate Glass works, with a monthly payroll of $15,000. Charleroi is just 22 years old and its banks have more than $2,500,000 on deposit, more than one-half of which is savings accounts.

CHURCHES AND SCHOOLS.

For all denominations are either already built or in course of construction. One of the handsomest school buildings in Washington county has just been completed near Lock View Terrace.

LONG FELT WANT.

These lots will fill a long felt want for the working man. People want to live out of the business sections of the towns, away from the noise and smoke and poisonous fumes of the great factories, and they are consequently seeking homes in the suburbs—out where the air is pure and wholesome and gives vigorous life to mankind and vegetation.

LOTS GO TO HIGHEST BIDDERS

To meet this demand it has been decided to place this ideal plan of lots for sale at public auction; the lots to be sold to the highest bidder.

BEING DRIVEN TO SUBURBS.

The advantages and attractive features of Lock View Terrace are many, and should appeal strongly to the workers and home-seekers. The lots are ideally situated for home settlement. Money has already been appropriated for paving the road leading from Charleroi to Monongahela and this road runs directly along this new plan of lots. A movement is on foot to have the Monessen-Charleroi bridge made free, which will be a great advantage to the persons who buy property in Lock View Terrace.

GOLD COIN PRIZES

$50.00 in gold will be given away on the days of the sale, and as an extra added feature a free lot worth $500.00 will also be given free to the person holding the lucky ticket. Simply be there.

BAND MUSIC.

A fine band will be on the grounds and give free concerts during both days of the sale.

BASKET PICNIC.

Bring your dinner and stay throughout the days of the sale, enjoy the outing, hear the great auctioneer, and you will be highly entertained every minute. A special invitation is given to the ladies.

Special Inducements and Attractions Will Be Given on Day of Sale

Come to the sale. Buy a Lot. Own a Home and Stop Paying Rent; be Free. Bring your dinner and enjoy a basket picnic. A special invitation is given to the Ladies.

TERMS—One-Fourth Cash, the balance in 6, 12 and 18 months

F. A. Kirch of Parkersburg, W.Va., is a visitor here on business.

Mrs. Louise Van Voorhis of Scenery Hill is visiting at the home of her son, Charles S. VanVoorhis.

Dr. Frank H. Finley of Finleyville, was a visitor in Charleroi with friends Wednesday.

CHARLEROI PEOPLE THANKED FOR HELP

The officers and committee in charge of the Republican rally held in our town last evening, on behalf of the Republican Club of Charleroi, desire to thank the people of Charleroi for their part in making the rally the most notable that has been held by any party in this end of the state in the present campaign. And they especially desire to thank the people from the neighboring towns and townships of the counties of Washington, Westmoreland and Fayette and the Lincoln Marching club of Beaver county. And we desire to congratulate the speakers in the able manner in which they presented the **dominant issues of the campaign.**

Respectfully,
Officers and Committee.

COAL MINES OPERATING TO FULLEST CAPACITY

(Continued from first page.)

district last spring, and have never come back. They are waiting for election day.

"If the Republican administration is continued you will see these miners piling back here by the hundreds. If the administration changes becoming Democratic, they will stay where they are. These foreign miners watch the political situation here like hawks, and they have good reason to. Another thing that has its effect on the local situation is the fact that a number of miners went to Virginia at the time of the strike, securing work there. Many of them have remained. Inspectors held a meeting in Pittsburg a week or so ago. In conversation with thme I learned that there is a universal demand for men the situation is the same everywhere. One new mine has recently started up near Roscoe. the old American mine. Like others it is operating to capacity."

Not a Single Arrest.

In spite of the big crowd here Wednesday night for the Republican rally there was not a single arrest made. The local police handled the situation most admirably and there was no disorder anywhere.

SICK DAUGHTER NOW WELL

Mrs. C. Cole Tells How Her Daughter Was Restored to Health by Lydia E. Pinkham's Compound.

Fitchville, Ohio.—"I take great pleasure in writing to thank you for what your medicine has done for my daughter.

"Before taking your medicine she was all run down, suffered from pains in her side, could not walk but a short distance at a time, and had severe pains in head and limbs. She came very near having nervous prostration. She had begun to cough a good deal and seemed melancholy by spells. She tried two doctors but got little help.

"I cannot find words to express my gratefulness for what Lydia E. Pinkham's Vegetable Compound has done for my daughter. She feels and looks like another girl since taking it, and I shall always feel that I owe you a great debt.

"You can use this letter for the benefit of others if you wish, as I shall always recommend your medicines for female troubles."—Mrs. C. COLE, Fitchville, Ohio.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass.

Young Girls, Heed This Advice.

Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

PROTECTION LEADING NOTE ID BIG RALLY

(Continued from First Page)

ferring to him as one of the most conscientious laborers in the last legislature.

"Country is All Right."

Adjutan General Thomas J. Stewart "hit 'em right off the bat." Charleroi's demonstration, he said, reminded him of the old-fashioned kind back in the sixties. "The country is all right," he declared. "We need the protection of a good tariff measure. Don't let people go to the polls and vote for a cheap man. The Republican party has done mighty well. It has great achievements to its credit."

Congressman Charles Matthews made a short speech in which he referred to the increase in pensions for old soldiers and also to the tariff.

Former Congressman J. Adam Bede was to have been a speaker, but he did not arrive and Gov. Tener explained that Mr. Bede had canceled his speaking engagements because of the shooting of Col. Roosevelt.

W. & J. FRESHMEN TO PLAY LOCALS

The Charleroi football team has scheduled the fast Washington and Jefferson freshmen team to play here on Saturday afternoon. A hot contest is expected, as the teams are evenly matched. The Washington Freshmen are said to be particularly strong this year. The Charleroi boys have been diligently rehersing for the game.

Big Fature at the Palace.

A Pathe film in two reels, "Don Juan and Charles V," is a big feature at the Palace Theatre tonight. This is a story of the abdication of Charles V of Spain in favor of his son Philip II, who falls in love with a Spanish maid betrothed to a student. The latter and the young king have a mix-up, which requires a visit from the former king from the monestry to settle. Thes tory, which is founded upon historic incident, is full of gripping situations.

STOPS SCALP ITCH

It is simply wonderful how Zemo goes after dandruff. You rub a little of it in with tips of fingers. No, it isn't sticky! Zemo is a fine, clear vanishing liquid. You don't have to even wash your hands after using Zemo. And what a wonder it is for eczema, rash, pimples and all skin afflictions. A 25 cent trial bottle at Piper Bros Drug Store, is guaranteed to stop any skin irritation.

Notice to Electors.

Notice is hereby given that upon petition of the required number of qualified electors, the polling place of the 6th precinct in the borough of Charleroi has been changed by the Court to a room in the house at 905 Meadow avenue, where the election will be held on Tuesday November 5th, 1912.

PROTECTION LEADING NOTE IN BIG RALLY

Republican Doctrine Propounded by Able Speakers---Gov. Tener Talks of Tariff---Numerous Marching Clubs Here

While popular "Sunny Jim" Sherman, the vice president of the United States, was fighting his last battle, not with the adversary in life, but with grim-visaged Death, the principles for which he labored and battled [illegible] expounded on the streets of Charleroi. As Death gained the victory over the ever cheerful, lovable vice-president in his distant New York home, Gov. J. K. Tener, his friend, was fulfilling the mission to which the dying man would have consigned him with his last breath, on Wednesday night.

The monster—for it was monster—Republican rally which Charleroi held asissted by a large part of Western Pennsylvania, experienced a dampening of ardor because of the critical illness of Vice President Sherman, but the news of his death did not become generally known until after the "good night" had been said on the demonstration by the Governor.

The rally started early in the evening. Even at 6 o'clock there was an air of excitement and hum of expectancy. By that time a large number of the politicians and Republican leaders from other communities had arrived. The Wilbur Hotel was made headquarters by the reception committee. The Governor's party including the Governor, his secretary Walter Gaither, Adjutant General Thomas J. Stewart, Gov. Tener's brother, George E. Tener and William M. Henderson and Col. A. B. Berger, a member of the Governor's staff from Pittsburg arrived on the 6:21 train.

Parade Interesting.

The parade which was a unique and interesting feature of the celebration was a little late in starting owing to the somewhat late arrival of some of the marching clubs. Thes pecial train from out the Marianna branch arrived at about 7 o'clock, carrying hundreds and a Fredericktown special arrived a few moments later, likewise crowded. Special trolley cars from Washington and all other points contributed their quotas.

JAMES J. HOTT,
President of Charleroi Republican Club.

Wearing silk hats and marching four abreast, the Lincoln club of about 100 from Beaver county led the footman in the parade. Speakers and honor guests were carried in automobiles directly in the front of the parade. Chief Marshal C. O. Frye and his marshals and aides occupied the positions to which they had been assigned, the former, and the Color Bearer, Dr. G .H. Smith being well to the front. There were ten bands and two drum corps in line. One of the bands was from an up-river mining town, the members of the band wearing miners caps and lamps. The Fredericktown Boys' brigade was in [illegible] umbrellas the Young Man's Republican club of Monessen made a nice appearance. There were delegations of marchers from various parts of the three counties surrounding here.

Dr. Wood Chairman.

The parade was over the three main streets of the town, ending at the speaker's stand at the corner of Washington avenue and Fifth street. In place of J. J. Hott, president of the Charleroi Republican club, Dr. C. B. Wood, of Monongahela presided. Gov. J. K. Tener was the first speaker introduced. His address aroused much enthusiasm. He told at considerable length of the achievements of the national administration, calling attention to the great things that have already been accomplished by President Taft and explaining some of the more important measures that are in contemplation. He referred to the great prosperity of the country at large and said that the logical way to continue it was to reelect the entire Republican ticket.

Gov. Tener devoted considerable time to the tariff. It was the wise measures enacted by the Republicans, he contended, that were responsibel for the present business boom. He drew a vivid picture of conditions now and contrasted them with what had been known under free trade. The tariff, he argued, did not alone benefit the manufacturers, although they were the ones who felt any tinkering first, but it had to do with people in all walks and conditions of life. The election of any candidate but Taft, he believes would be disastrous.

Speaks for State Ticket.

The governor also spoke for the state Republican ticket and appealed to his hearers to avoid being induced to vote for some of the other candidates. There is much important business for the Legislature to attend to at its next session and it would be well, he said, to have regular Republicans at Harrisburg to attend to it. There were, he said, three measures in which he was especially interested and which he intended to urge, the creation of a public utilities commission, which he recommended to the last Legislature, but which was not created; a thorough workingmen's compensation bill and the continuation of the work for good roads. All of these, the governor said, were of great importance to all the people of the state and he pledged himself to do all in his power to secure their passage if the Legislature was safely Republican.

Senator Crow Speaks.

State Senator W. E. Crow, though impaired in health made a stirring address. He spoke of the protection to the people of the Republican party, referring to the beneficial influence of the tariff upon this great industrial region. "The country cannot be prosperous without protection of the Republican party," he declared. Senator Crow paid Assemblyman William Feeney a compliment by re-

(Continued on fourth page)

PLANS LEGISLATION FOR NEXT SESSION

Gov. Tener Anticipated Passage of Public Utilities, Workmen's Compensation and Road Bills by Legislature

Gov. Tener's public utilities bill, the workmen's compensation act and good roads are three of the most important pieces of legislation that will be taken up by the next legislature. All are progresive measures. Gov. Tener stands sponser for the good roads movement as well as the public utilities bill.

In speaking of the plans for the next session of the legislature during his visit here Wednesday night Gov. Tener mentioned the three especially. He explained their meaning thoroughly. The public utilities bill he stated would be a measure designed to protect the people in their dealings with public service corporations, in other words to give them redress if they feel they are being imposed upon by water or gas or other corporations.

Speaking of the good roads movement, Gov. Tener said it was the design of the administration, working with the State Highway department to connect up every county of the state with the best kind of roads and to have a network of improved highways throughout the State that would become the envy of every other state.

He explained the workmen's compensation act which according to the way it has been framed by an specially appointed commission calls for the prompt settlement of claims by employers with employes injured while in their employ. This measure is regarded as an especially good one by the administration. For this reason he urged the re-election of Assemblymen Feeney and the other two Republican candidates in this county—Ralph Allison and Jim Walker saying how esesntial it was for the executive to have an administration in accord with him in his plans for the advancement of the interests of the commonwealth.

POLL HOUSE CHANGED IN THE SIXTH

Voters of the sixth precinct will not do their voting in a shed next Tuesday, but in an up-to-date polling place at 905 Meadow avenue. At the petition of a number of voters the court has ordered the county commisioners to change the scene for the fray in the sixth. The election board as well as the voters will benefit by the change in location.

AUCTION SALE OF LOTS AT LOCK VIEW LISTED FOR FRIDAY

Everything is in readiness for the big auction sale of lots that will take place at Lock View Terrace, North Charleroi Friday and Saturday, November 1 and 2. This sale, which was postponed from Friday and Saturday of last week, promises to be one of the biggest events in real estate transferring of the whole year in this community, and it will more than likely be responsible for a big lot of building operations in the thriving town of North Charleroi next season.

Lock View Terrace affords a most admirable location for homes for working people, as it is convenient for any one seeking employment in any of the Charleroi industries, the government shops at North Charleroi, the big industrial mills directly across the river at Monessen, the big steel mills and blast furnaces at Donora, or any of the coal mines at nearby points along the river. It is located on two trolley lines, while a railroad on each side of the river where monthly tickets can be purchased are also available. A working man living at Lock View Terrace has a dozen or more good chances at any time to look for a job. The location is also free from smoke or dirt from mills or mines, which makes it still more desirable.

This sale is in charge of George W. Dawson, who has had a wide experience in conducting real estate auction sales. The lots are put up at auction and actually knocked down to the highest bidder. Special inducements and entertainment will be music will enliven the occasion. It is provided at the sale, and a band of an excellent opportunity for thise in search of a home site to get one of the very best locations in the whol valley.

WELL KNOWN MEN ATTEND RALLY OF THE REPUBLICANS

A number of well known men were visitors in Charleroi Wednesday night for the Republican rally. State and county were well represented. Gov. Tener, Adjutant General T. J. Stewart and Executive Controller Samuel C. Todd were here from Harrisburg. Judge J. F. Taylor, George E. [illegible], Postmaster Joseph T. Hemphill, Recorder J. C. Sutherland, Boyd Warne, District Attorney R. G. Miller, Assistant District Attorney T. H. W. Fergus, County Commissioners Thomas Hill, John A. Berry, A. P. Barnum, Sheriff R. G. Lutton; Frank Penn, superintendent of Morganza, Col. J. E. Barnett, Prothonotary A. V. Lewis, County Engineer George Chaney, W.G. Theurer, Harry R. Myers, Poor Director H. D. Browneller, O. E. Mikesell, John C. Murphy, O. K. Taylor, Ralph Allison, County Treasurer Samuel Downer and John Hallam were among the most prominent county seat men here. Hon. C. A. Bentley and Dr. C. B. Wood, of Monongahela were here. Fayette county sent a number, including H. A. Chalfant of Connellsville, formerly of Charleroi who is a candidate for Assembly. Charles W. Ashley of Homestead came with the Governor's party. Congressman Matthews was accompanied from New Castle by his son, Charles Matthews, Jr., and George L. Patterson.

COMMISSIONERS DISCUSS BRIDGE BUT THAT IS ALL

Politics and bridge matters didn't mix well Wednesday night and the meeting of the county commissioners of Washington and Fayette counties in the interests of the river bridge at Brownsville was curtailed. Commissioners John S. Langley and E. H. Nutt were the only two present from Fayette county. Thomas Hill, John A. Barry and A. P. Barnum the entire board was present from Washington county. They went over the preliminary work for the bridge. County Engineer George Chaney was here from Washington and worked with the board. The two counties will be in shape soon for definite action on the bridge matter.

To Observe All Saints Day.

Tomorrow being All Saints Day, communion will be celebrated in St. Mary's Episcopal church at at 7:30 a. m. Rev. L. W. Shey, the rector will go to Pittsburg later to assist at the ordination of two young men at the bishop's chapel at 11 o'clock. In the afternoon he will attend the Woman's Auxiliary meeting at the Church of the Ascension.

Winter Club.

Masquerade Mallowe'en dance Thursday night. Might's Auditorium.84-t2

Death Ends Long Illness

JAMES S. [illegible], JR.

Vice President James Schoolcraft Sherman died at his home at Utica, New York, Wednesday night, after an illness of several weeks. The end came at 9:42 o'clock. The immediate cause of death was uraemic poisoning, due to an affection of the kidneys of which the vice president had long been a sufferer. Expressions of regret are heard on all sides from the many friends of the late vice president, regardless of political affiliations. The vacancy on the national Republican ticket caused by the death of Mr. Sherman, who had been re-nominated for vice president, will be filled November 12 by the Republican national committee.

MASQUERADERS TO BE OUT IN FORCE TONIGHT

Hallowe'en masqueraders will be out in force tonight to celebrate the queerest day of the entire year. Contrary to the custom established two or three years ago there will be no organized celebration of the day. Good weather is promised. The observance of Hallowe'en has changed to a considerable extent. Formerly a Halowe'en celebration wasn't complete unless somebody's barn was dumped or a few wagons put on somebody's back porch. Such mischief was allowed to pass as practical jokes. Now there is something better to occupy talents in the way of masquerade and street carnivals. A big crowd is looked for on the streets tonight. A number of Hallowe'en parties are scheduled. The police have prepared for the proper government of celebrators.

Masquerade Social.

In P. H. C. Hall Friday evening. Admission 25 cents. All are invited. 85-t2p

The Ladies Aid of the First Christian church will serve an oyster supper at the church Friday, November 1. Supper ready at five o'clock. Everyone invited. 82-t5

The Winter Club will hold a Mas-Masquerade Hallowe'en dance Thurs-Auditorium Thursday night. 84-t2

COAL MINES OPERATING TO FULLEST CAPACITY

Excellent Industrial Condition Along Monongahela Valley

MORE MEN IS THE CRY

Use Approximately 1,000 Additional Miners

All coal mines fronting along the Monongahela river and reaching a wide territory in their operations on capacity possible now in the section both sides are running to the fullest between Rices Landing and Monongahela. In the Twenty-first district approximately 1,000 additional men could be put to work, according to the estimate of E. W. Cunningham, Mine Inspector of the district. The output is enormous, as it has to be to keep pace with the demand caused by the remarkably prosperous industrial condition over the country. Both railroad and river shipping facilities are being taxed to their utmost. Car shortage is worrying the mine operations where there are no river facilities to depend upon. A remarkably busy month is reported at Lock No. 4, the average daily shipment of coal nearing the exceptional mark of 800,000 bushels.

An industrial condition of the kind noted among the mines is unusual, and all the more significant. The Arnold No. 2 and Arnold No. 1 mines of the Pittsburg Coal company at Arnold City which always have plenty of men are complaining. The Naomi mine of the Naomi Coal company is short, as well as the big Vesta No. 4 mine at California of the Jones and Laughlin Vesta Coal company. The Crescent mine of the Monongahela River Consolidated Coal and Coke company above California is crying for more men and the mines in the vicinity of Brownsville are suffering from lack of labor. In the coke region back of Brownsville and through various parts of Fayette county labor is all the more scarce.

At West Brownsville the Lilley Coal and Coke company is building a stout pier in the river preparatory to erecting a monster steel tipple. An opening will be made as soon as possible, but it is not likely that the actual mining of coal will be started for eight or ten months. This mine will become one of the largest fronting on the river. It has holdings of approximately 800 acres.

Inspector F. W. Cunningham said today: "Such a shortage of labor is unprecedented. There is an unusual demand for coal. Excellent wages are being paid. A miner can make as much as he wants. I have known machine men to receive as much as $200 a month lately. The price of coal is away up and operators can nearly demand what they please for 'spot' deliveries, though of course they have to hold to regular contracts for much of their trade at the rates contracted for some time ago. A car shortage is greatly holding back operations among the river mines.

"Political conditions of course have their effect upon the shortage of labor. Many miners went abroad during the strike in the Pittsburg

Entered in the Post Office at Charleroi, Pa., as second class matter.

NO PERSONALITIES.

It is a matter of felicitation that few personalities are entering into this campaign. From President down to the assemblymen—in this state—practically all the discussion hinges on political platforms and policies, and aside from the personal qualities of the candidates in point of leadership and ability, little if any personalities are indulged in. It is measures and policies—not men—that count.

This is as it should be. While every individual in office or leadership has his faults and weaknesses and makes mistakes, personal attack and abuse have little weight. Personal abuse never convinces a candidate's friends and only injures the other side. People nowadays are not so much interested in what a man has done, as they are in what he is doing now or proposes to do in the future. In these strenuous times paying off old scores of the past does not pay. All energy is needed in meeting the issues of the present. Therfore, the present campaign is one of issues rather than men.

This was strikingly evidenced at the Republican rally here Wednesday night. It was a noteworthy fact that none of the speakers were interrupted by those who differed in sentiment and none of the speakers made any derogatory remarks about any of the opposition candidates personally. No one was insulted on either side, which speaks well for the tolerance of those who are differing widely on the issues of the campaign. This is the proper spirit, and its general observance will not make any soreness after the election.

TRUE TO THEIR COLORS.

The great outpouring of Republicans at the big rally in Charleroi on Wednesday evening is ample evidence that the Grand Old Party is not yet in the stages of dissolution. There are still enough left to make an accounting in the Monongahela valley, at least. Those who assert that the Republican party is dead and buried should have been in Charleroi Wednesday evening. Instead of a burial they would heve witnessed a resurrection.

Both loyalty and inspiration were derived from the addresses. Governor Tener's heart-to-heart talk as a neighbor to neighbor, and his profound knowledge of industrial and economic conditions of the Monongahela valley, should be weighed carefully by the voter who is thinking of casting loose his former political moorings. It is not a question of personal admiration—Governor Tener referred to Col. Roosevelt as he man we all admire personally—but of cold economic facts. It is the question of whether or not industry and business shall continue to proceed undisturbed at its present high prosperous ride, or suffer a check which will throw the entire system out of balance and interrupt the big volume of prosperity while economic experiments are made at the expense of the wage earners and business people.

These are some of the things to consider. It is not a time to put personal grudges or give way to party likes and dislikes. The whole economic balance of the country is at stake and the question is, will it pay to upset the whole system of industrial machinery in order to try out a new theory.

PICKED UP IN PASSING

In his address at the Republican rally Wednesday night Governor John K. Tener related a story that was a good application of how the tariff works with the farmer.

"A farmer out in Kansas went to buy a new wagon from the dealer who had sold him one 17 years previously," said Gov. Tener. "He selected one like his old wagon, which the price.

"'Seventy-five dollars,' replied the dealer.

"'Why, I only paid $60 for the wagon I got from you 17 years ago. How do you account for the difference? Tariff, I suppose you'll say. Seventeen years ago I bought that wagon for $60 when there was no tariff, and now with a tariff, you want to charge me $75. I see how it is. The maker and the dealer get the benefit while the farmer pays the tariff. I don't think I want to buy a wagon this year.'

"'Hold on a minute,' said the dealer. 'I remember very well when you bought that wagon 17 years ago. There was no tariff then, as you say. But you remember that you did not pay me cash for the wagon. You paid, if you remember, 600 bushels of corn at 10 cents a bushel, did you not?'

"'Yes,' said the farmer, 'that's what I paid.'

"'Well,' said the dealer, 'I'll still take the same price that you paid for your wagon 17 years ago—600 bushels of corn. More than that, you can pick out a mower or reaper, and I'll include that, as well as one of the best two-seated surreys I have on hand. Then your wife can go to the hardware department and pick out the best range we keep with all the kitchen ware that is necessary and of corn you paid me 17 years ago for your wagon, when there was no tariff. Then you got 10 cents a bushel for your corn with little or no market. Now you get 80 or 90 cents a bushel, cash on delivery.'

"'Well,' said the farmer, 'I'll take the wagon at $75 cash. I see your point. I'd rather pay $15 more for the wagon now and get 90 cents a bushel for my corn, than to pay $60 with corn at 10 cents a bushel.'"

It is related that an animated political discussion took place recently in a home in this community, in which there are three daughters, as to who would win in the presidential election.

"Taft will sweep the country," said Margaret, who voiced her father's sentiments.

"I say that Wilson will sweep the country," said Angeline, who imbibed her mother's inherited politics.

"You're both wrong," piped up Gladys, the insurgent of the family. "Roosevelt will sweep the county."

"Never you mind about sweeping the country," said their mother, who just came into the room. "Every one of you get busy now and sweep this house."

Our Moving Picture Show

An oil magnate, he tired of strife,
Where fierce competition was rife,
So he hiked to a farm
Where safe from all harm
Are the joys of the pure simple life.

If you don't know much about California Homes and **FARMS** *you owe it to yourself to learn* **NOW!**

CATTLE CROSSING OVER IRRIGATING CANAL

HOME and social life in Northern California is the most pleasant because there are more bright days than in Southern Italy, and there is every convenience for bringing people together.

FARMS in the Sacramento Valley produce many more times net profit to the acre than Eastern farms because the soil is the best, sun shines every day, and there is plenty of good water for irrigating, with proper drainage.

ORANGES, potatoes, alfalfa and all fruits, grains, grasses and vegetables mature earlier in Northern California than in any part of the world.

STOCK and *POULTRY* are easier to raise and produce more because the climate is healthful and green feed grows in abundance.

MARKETS are very near, with cheap railroad and river transportation, making financial success sure.

If interested, we urge you to write us today and learn of people who are making big money there now.

Let us know what you wish most to be informed about and get an instructive reply.

Don't delay, every day now sees new settlers moving on this land, as it is ready for seed, and the best farms go first.

AUCTION SALE OF LOTS

LOCK VIEW TERRACE

NORTH CHARLEROI, PA.

FRIDAY AND SATURDAY, NOVEMBER 1st AND 2nd

AT 1:30 P. M.

100 BUILDING LOTS

Also One Dwelling House Six Rooms and Bath

Will Positively Be Sold to the Highest Bidder on Easy Terms of Payment

Lock View Terrace is the Place for the Working Man to Buy a Comfortable Home

THIS CONCERNS YOU.

On Friday and Saturday, November 1 and 2, 1912, at 1 o'clock p. m., LOCK VIEW TERRACE will be inaugurated, and a number of the choicest residence lots will be sold at public auction to the highest bidders. This will prove to be one of the greatest and most beneficial opportunities for home seekers that has ever been offered in this section of Pennsylvania.

To See is to Believe. To Undertsand is to Buy.

WHERE IT IS LOCATED.

At Lock No. 4, Washington county, Pa., on an elevation made gloriously beautiful by nature, overlooking the placid Monongahela river, on the line of two railroads, one of which will shortly be a trunk line leading from Pittsburg to Baltimore; two electric railroads, and right in the heart of one of the greatest manufacturing centers of the world.

AN INDUSTRIAL CENTER

The largest plant of the Pittsburg Steel company is located in Monessen, and is but a short distance from the Lock View Terrace Plan of lots. That company employs 3,500 hands and pays out in wages $225,000 monthly; and furthermore, an addition costing $2,000,000 is now in course of construction to this mammoth industrial concern. Another of Monessen's big industries is the American Sheet & Tin Plate campany's mill, employing 1,500 hands, with a monthly payroll aggregating $125,000. These are only a few of Monessen's industries.

NEW PLANT FOR MONESSEN

It is stated on good authority that a new industrial plant will be built at the Monessen end of the bridge in the near future, which will employ from 3,000 to 4,000 men. This is one of the features which makes Lock View Terrace all the more desirable as a home for the working men. Remember, future developments, as well as present ones, make these sites all the more valuable.

A PROSPEROUS LOCALITY.

Lock View Terrace is directly opposite and faces the thriving metropolis of Monessen, and is but a short distance from the Magic City—Charleroi, both of which can be reached within a few minutes by the trolley cars. It is the ideal location for the homeseeker.

A PLACE TO SAVE.

To the north is situated Charleroi, which is also connected by street car lines from Lock View Terrace, is but a few minutes ride. Charleroi's leading industries are the Macbeth-Evans Chimney factory, with a weekly payroll of $10,000; Henderson Coal Works, with a monthly payroll of $12,000; Imperial Bottle factory with a monthly payroll of $14,000; Pittsburg Plate Glass works, with a monthly payroll of $15,000. Charleroi is just 22 years old and its banks have more than $2,500,000 on deposit, more than one-half of which is savings accounts.

CHURCHES AND SCHOOLS.

For all denominations are either already built or in course of construction. One of the handsomest school buildings in Washington county has just been completed near Lock View Terrace.

LONG FELT WANT.

These lots will fill a long felt want for the working man. People want to live out of the business sections of the towns, away from the noise and smoke and poisonous fumes of the great factories, and they are consequently seeking homes in the suburbs—out where the air is pure and wholesome and gives vigorous life to mankind and vegetation.

LOTS GO TO HIGHEST BIDDERS

To meet this demand it has been decided to place this ideal plan of lots for sale at public auction; the lots to be sold to the highest bidder.

BEING DRIVEN TO SUBURBS.

The advantages and attractive features of Lock View Terrace are many, and should appeal strongly to the workers and home-seekers. The lots are ideally situated for home settlement. Money has already been appropriated for paving the road leading from Charleroi to Monongahela and this road runs directly along this new plan of lots. A movement is on foot to have the Monessen-Charleroi bridge made free, which will be a great advantage to the persons who buy property in Lock View Terrace.

GOLD COIN PRIZES

$50.00 in gold will be given away on the days of the sale, and as an extra added feature a free lot worth $500.00 will also be given free to the person holding the lucky ticket. Simply be there.

BAND MUSIC.

A fine band will be on the grounds and give free concerts during both days of the sale.

BASKET PICNIC.

Bring your dinner and stay throughout the days of the sale, enjoy the outing, hear the great auctioneer, and you will be highly entertained every minute. A special invitation is given to the ladies.

Special Inducements and Attractions Will Be Given on Day of Sale

Come to the sale. Buy a Lot. Own a Home and Stop Paying Rent; be Free. Bring your dinner and enjoy a basket picnic. A special invitation is given to the Ladies.

TERMS—One-Fourth Cash, the balance in 6, 12 and 18 months

Dr. Frank H. Finley of Finleyville, was a visitor in Charleroi with friends Wednesday.

CHARLEROI PEOPLE THANKED FOR HELP

The officers and committee in charge of the Republican rally held in our town last evening, on behalf of the Republican Club of Charleroi, desire to thank the people of Charleroi for their part in making the meeting held by any party in this end of the state in the present campaign. And they especially desire to thank the people from the neighboring towns and townships of the counties of Washington, Westmoreland and Fayette and the Lincoln Marching club of Beaver county. And we desire to congratulate the speakers in the able manner in which they presented the dominant issues of the campaign.

Respectfully,
Officers and Committee.

COAL MINES OPERATING TO FULLEST CAPACITY

(Continued from first page.)

district last spring, and have never come back. They are waiting for election day.

"If the Republican administration is continued you will see these miners piling back here by the hundreds. If the administration changes becoming Democratic, they will stay where they are. These foreign miners watch the political situation here like hawks, and they have good reason to. Another thing that has its effect on the local situation is the fact that a number of miners went to Virginia at the time of the strike, securing work there. Many of them have remained. Inspectors held a meeting in Pittsburg a week or so ago. In conversation with thme I learned that there is a universal demand for men the situation is the same everywhere. One new mine has recently started up near Roscoe, the old American mine. Like others it is operating to capacity."

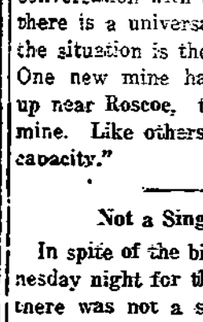
Not a Single Arrest.

In spite of the big crowd here Wednesday night for the Republican rally there was not a single arrest made. The local police handled the situation most admirably and there was no disorder anywhere.

SICK DAUGHTER NOW WELL

Mrs. C. Cole Tells How Her Daughter Was Restored to Health by Lydia E. Pinkham's Compound.

Fitchville, Ohio.—"I take great pleasure in writing to thank you for what your medicine has done for my daughter.



"Before taking your medicine she was all run down, suffered from pains in her side, could not walk but a short distance at a time, and had severe pains in head and limbs. She came very near having nervous prostration. She had begun to cough a good deal and seemed melancholy by spells. She tried two doctors but got little help.

"I cannot find words to express my gratefulness for what Lydia E. Pinkham's Vegetable Compound has done for my daughter. She feels and looks like another girl since taking it, and I shall always feel that I owe you a great debt.

"You can use this letter for the benefit of others if you wish, as I shall always recommend your medicines for female troubles."—Mrs. C. COLE, Fitchville, Ohio.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass.

Young Girls, Heed This Advice.

Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

PROTECTION LEADING NOTE ID BIG RALLY

(Continued from First Page)

ferring to him as one of the most conscientious laborers in the last legislature.

"Country is All Right."

Adjutan General Thomas J. Stewart "hit 'em right off the bat." Charleroi's demonstration, he said, reminded him of the old-fashioned kind back in the sixties. "The country is all right," he declared. "We need the protection of a good tariff measure. Don't let people go to the polls and vote for a cheap man. The Republican party has done mighty well. It has great achievements to its credit."

Congressman Charles Matthews made a short speech in which he referred to the increase in pensions for old soldiers and also to the tariff.

Former Congressman J. Adam Bede was to have been a speaker, but he did not arrive and Gov. Tener explained that Mr. Bede had canceled the shooting of Col. Roosevelt.

W. & J. FRESHMEN TO PLAY LOCALS

The Charleroi football team has scheduled the fast Washington and Jefferson freshmen team to play here on Saturday afternoon. A hot contest is expected, as the teams are evenly matched. The Washington Freshmen are said to be particularly strong this year. The Charleroi boys have been diligently rehersing for the game.

Big Fature at the Palace.

A Pathe film in two reels, "Don Juan and Charles V," is a big feature at the Palace Theatre tonight. This is a story of the abdication of Charles V of Spain in favor of his son Philip II, who falls in love with a Spanish maid betrothed to a student. The latter and the young king have a mix-up, which requires a visit from the former king from the monestry to settle. Thes tory, which is founded upon historic incident, is full of gripping situations.

STOPS SCALP ITCH

It is simply wonderful how Zemo goes after dandruff. You rub a little of it in with tips of fingers. No, it isn't sticky! Zemo is a fine, clear vanishing liquid. You don't have to even wash your hands after using Zemo. And what a wonder it is for eczema, rash, pimples and all skin afflictions. A 25 cent trial bottle at Piper Bros Drug Store, is guaranteed to stop any skin irritation.

Notice to Electors.

Notice is hereby given that upon petition of the required number of qualified electors, the polling place of the 6th precinct in the borough of Charleroi has been changed by the Court to a room in the house at 905 Meadow avenue, where the election will be held on Tuesday November 5th, 1912.
